Uniform Policy

Scouting is a uniformed movement, and all sections within the Group have their own uniform.

It is expected that all young people, once invested, will turn up in full uniform, and meeting any other clothing and equipment requirements specified by that Section's leaders, each week unless otherwise instructed.

For full details of the uniform required for each section, please see the relevant section page on the Group's website or speak to the section leader.

The Group reserves the right to send home from any evening, event or activity, any young person not wearing the correct uniform or other specified clothing, or any young person who turns up without the required equipment.

If financial hardship causes parents to be unable to purchase the required items, please contact the Group Scout Leader as help may be sought from the Group Hardship Fund (see hardship policy). The Group also maintains a stock of second hand uniform and equipment.
