# Fundraising Policy

- It is deemed under Scout Association rules that subscription fees are to pay for the day to day running of the Scout Group. This should cover the costs of providing a balanced programme, the meeting place and its upkeep and association fees which includes scout insurance.
- The GEC will ensure that subscription fees cover all necessary costs while being kept to a minimum. The Group Treasurer will produce accounts to this purpose.
- Fundraising should then be undertaken to pay for specific items/needs and wants of the Group as decided at the GEC meetings. Requests should be made by the appropriate form.
- A Fundraising Sub Committee (FSC) will consist of a selection of parents and volunteers to allow the planned fundraising to happen. All events undertaken will be approved by the GEC and meet Scout Association standards.
- The Group must make donors aware of where their donations are being spent. For Grants and larger amounts letters and photographs will also help support this.
